

E-F1 - Founder business connection: Settley LLC and SettleySend

Purpose: proof of connection to the digital-technology business I founded - required supporting document, not criterion evidence

Applicant: Temisan Gerrard Agbajoh

The business

Settley LLC, incorporated in Delaware, United States, on 28 April 2025 (File Number 10176179). I am a founding member of the company and its product lead. Settley LLC builds digital-asset products: Settley (tokenised real-world assets) and SettleySend (stablecoin-powered cross-border payments, live June-September 2026).

Documented connection

Document	Date	What it proves
Certificate of Formation, Settley LLC, Delaware (SR 20251815439, File 10176179)	28 April 2025	The company exists, where and when it was formed
Initial Resolutions of the Members	28 April 2025	Names me as one of the four Members of the company
ZILO outside-business-interests letter	10 September 2026	My employer formally records SettleySend as my disclosed business, accepted by me on 11 September 2026
Switch Labs service agreement	26 August 2026	The company contracts with its payment-infrastructure provider through me, signed by me as Co-founder of Settley LLC
Turnkey receipt (wallet infrastructure)	2026	The company pays for its production wallet infrastructure
Alchemy invoice (blockchain infrastructure)	2026	The company pays for its production node/data infrastructure
Google Workspace invoice	2026	The company pays for its operating accounts

[INSERT: each document above, in table order - formation and resolutions PDFs are already held at 05-supporting-material/settley-llc/]

What this establishes

The company is real, incorporated, and operating: it has a disclosed business relationship with my employer, a signed infrastructure agreement in my name as Cofounder, and paid production infrastructure behind its products. Together with the product evidence (E-I1, E-I2), this documents that the founder-led digital-technology business presented in this application exists and that I am connected to it as founder, member and product lead.
